Sir:

This clean version of claim 1 is submitted in response to the Office Action dated July 29, 2002.

**IN THE CLAIMS:**

- Sub C 3*
1. (Amended) A self-propelled, walk-behind floor stripping machine for removing adhesively bonded floor coverings comprising:
- a main body having a drive axle and a pair of drive wheels affixed to the drive axle;
- a floor engaging cutting head member attached to the main body;
- an electric motor mounted on said main body and mechanically connected to the cutting head member to provide a motion thereto;
- a hydraulic pump attached to the main body and coupled to be driven by the electric motor, the hydraulic pump coupled to a hydraulic fluid reservoir attached to the
